PUBLIC RELEASE

4/19/2020

Universal Masking

Employees and customers are required to wear masks inside essential businesses. Businesses are ordered to deny entry to any customers who are not wearing a mask, unless the business is providing medication, medical supplies, or food, in which case the business must provide alternative methods of pick-up or delivery of goods. Exceptions include people who cannot wear a mask due to a medical condition and children under two years old.

The CDC and Governor Wolf now recommend that the general public wear a basic cloth mask anytime they leave their home for life-sustaining reasons. Medical-type masks should be reserved for healthcare workers. More information can be found at: <https://www.governor.pa.gov/newsroom/gov-wolf-calls-for-universal-masking/>
