Subject: public comment submission for august 12 council meeting

I'm here representing the Nova Vista homeOwners Association. We have an issue with the parking permits. I've lived here for 16 years and some of the residents that lived here before complained constantly about crozer people parking in our neighborhood but they were always ignored. The only reason the city is acting like they care because nobody parks at those meters in front of Chester care. That's why the zone ends at Arbor Drive because they know most people won't walk farther than that. We shouldn't be punished because you can't get money from them. We are willing to work with some adjustments because basically you are saying we can't have visitors until after 9pm. We should at least have the weekends free. Who wants to keep getting guest passes when we have no idea if one of our relatives or children decide to come by and visit. I you are trying to use law from the 80's around Wdener that shouldn't apply to us because you just put those signs there. One of our members has sent a few letters to the mayor directly with no response(not surprised). Someone needs to meet with us to come to some sort of solution. I'm sure whats being done can't be legal especially only making some us get permits and only two people per household thats stupid. whoever lives at my house should be able to have one

B & C's Restaurant
38 Years in Service

Whereas, B and C's Restaurant is a family-operated food service establishment in the city of Chester, located at 1109 West Third Street; and

Whereas, prior to becoming the mainstay known as B and C's Restaurant, the venue was owned by Charlie Days and known as Days Restaurant; and

Whereas, Mrs. Johnnie Mae (Butler) Countee, who used to be employed at Days Restaurant, became owner of this restaurant because of her love for people and cooking; and

Whereas, Mrs. Johnnie Mae (Butler) Countee and her father Mr. George Butler officially took ownership of this business and created the B and C's Restaurant in 1981; and

Whereas, Mrs. Johnnie Mae (Butler) Countee, who is known to her customers as Mrs. J., works alongside her son Jimmy and daughter Sandy to provide customers with breakfast, lunch and dinner cuisine— Monday through Saturday from seven in the morning until three in the afternoon; and

Whereas, B and C's Restaurant offers patrons a made to order, home-cooked meal food experience that is prepared with love; and

Whereas, for nearly four decades, B and C's Restaurant has consistently provided the community with meal options that soothe the soul and satisfy the biggest of appetites.

Now Therefore, I, Mayor Thaddeus Kirkland and the Councilmembers of the city of Chester join in congratulating Mrs. Johnnie Mae (Butler) Countee and her family on B and C's 38 years of business and service in the city of Chester.

Presented this 12th Day of August, 2020
