Subject: Public Comment Submission for July 22 Council Meeting

Good Morning everyone,

This is Margaret Johnson, 927 Booth Street, Chester, Pa. Mr. Mayor I was not in attendance at your last council meeting. However, I viewed it later and thank you for the information. If you are scheduling appointments I would appreciate meeting with you to discuss what is happening in the city of Chester and you and the council's plan Chester. I realize that Covid-19 in addition to our situation before the pandemic has put Chester in a peculiar place. I like most of the residents of Chester just want to help. Hopefully for those of us who want to help we will be given the opportunity to do so working with our city officials.

Thank you for your time. God's Blessings on all.
Margaret Johnson
