Chester Water Authority

1. As a resident of Chester, Pennsylvania and one of the (40+) thousand rate payers for more than 40 years.

I ask what the Chester Water Authority is doing with the revenue generated by the rate payers of Chester, Pennsylvania.

I have been paying my water bill quarterly for many years.

2. Is the previous revenue generated by the ratepayers of Chester to the Chester Water Authority payable retroactively?
3. Is the Chester Water Authority somehow exempt from paying revenue to the City of Chester?
If so who determine whether the Chester Water Authority pays revenue to the City of Chester Pennsylvania .
