Healthy for the Holidays

December 20-29

Delaware County Council and the Delaware County COVID-19 Task Force urge residents to protect themselves and each other as we travel, gather and celebrate during the holiday season.

Immunity from COVID-19 has been shown to fade over time. The CDC is recommending that all eligible individuals get a booster to maintain optimal immunity during the holiday season and throughout the winter.

This includes all individuals who received a 2nd dose of Moderna/Pfizer more than 6 months ago and all individuals who received a single-dose of Johnson & Johnson more than 2 months ago. Booster shots are available at all Delaware County vaccination sites.

COVID-19 Vaccine Appointments Available
