Ayanna King gives a COVID-19 Update and information for State Representative Brian Kirkland's Cancer Awareness Luncheon (see attachment #1 and attachment #2). APRIL IS NATIONAL MINORITIES HEALTH MONTH. Encourage your loved ones to visit their Primary Care Provider to get their health screenings.

Councilman Roots says to all of us out there just be careful out there! This thing is not over!!

Mayor Kirkland says I also want to encourage Parents to continuously get their children vaccinated! And as well as their selves!! This is a serious situation and we want to make sure we take care of each other!!!

Public Comment

Mary Waites, 106 Wilson Street says the new tax provisions...I feel that it's despicable and that you would put this hardship on Seniors and take it away from Delaware County when they depended on that extra time to pay their taxes from year to year. As far as Delcora, I need to know the provisions are to notify the Residents because when they put that pipe down on 291 the Residents were blocked in from the Track up to Second Street and that's like one way in and one way out. So, we couldn't get out and we couldn't get in!

Councilman Morgan says the Resolution we just passed provided additional time for property owners to pay their 2022 tax bills. If you're speaking about the past due amount, delinquent taxes, primarily speaking about 2021, the City of Chester's date has always been February 15 of the year towards past due taxes are now seen as delinquent and we pass them off to the Tax Collector. But for the current year 2022, we actually provided additional time for the Residents to make payments of their 2022 taxes.

Duane Lee, Deputy Director of Parks, Public Property and Recreation says (see attachment #3).

Roxanne Johnson, 812 Welsh Street says I noticed a Gentlemen putting up the 2-hour Parking Signs on our lot. (M-TH 8a-6p) (F-SU 8a-9p). Welsh Street is full of Banquet Halls. It's four (4) hours at a minimum for each Banquet Hall. So, how does that work for our Guests when they have four (4) hours in our Banquet Halls? I'm talking for all our Banquet Halls on that block! If they start citing or giving tickets out to our Guests...we're going to lose our Businesses!! I'm just here trying to find a resolution of who we could come together and talk with if there is something that we can put in our cars for our Guests that are coming to visit or our Patrons that are coming into our Banquet Halls because that is definitely going to be a major problem when this thing becomes enforced.

Mayor Kirkland says quite frankly that does not work and your exactly right that could hurt the businesses. Let us have a conversation with the Parking Authority to see how we can rectify this.

Diane McDaniel, 3015 W. 9th Street says how can I get a parking permit because sometimes I cannot park in front of my door. I called last week asking about a parking permit and I was told that they are only in certain areas and not the West End. They said it was three designated areas (inaudible) for residential parking permits.

Mayor Kirkland says what we'll do is have a conversation with our City Engineer and ask if he would look at that situation and to see if we can actually accommodate or do our best to accommodate.

Margaret Brown, 216 Ward Street says I'm concerned about the trash in the neighborhood. Trash all along the 291 Corridor. It's inside the gates. At the corner of 291 & Ward there is a fenced in yard...they have a pile of dirt that has to be at least 50 feet high with no cover on it. This dirt blows into our homes and our cars are filthy from the dust. At the tracks of the 100 Block of Hayes Street has so much trash built up that when it rains it goes out to the street and across the street and up to the first house. There use to be tape around the house on the corner of 3rd & Palmer Street (2503 or 2505). The third floor caved into the second floor. This house needs to be torn down. It's going to collapse because it's caving in.

Mayor Kirkland says a number of these vacant homes are on the demolition list. Some of those you have mentioned I would have to check with our Engineer. They could already be on that list that we have prepared. 291 is mainly the responsibility of PennDOT. However, we have worked with the Stormwater Authority because they have a street sweeper.

Ms. Brown says it's not on 291. The trash is up against the bushes where the houses were torn down on 291. The 18 wheelers are coming down my street now! Are you not allowed to use Ninth Street anymore?

Mayor Kirkland says it's not that they're not allowed to use 9th Street anymore. Ninth Street has been which was designated Route 13...we have detoured that traffic when there is an accident on 95 trying to encourage some of that traffic to come down 291.

Roland Beauford, 3305 Carter Lane says can we get residency parking on our street because the people on Township Line Road will come down and park their car and then walk back up to their house and they have driveways in the back of their house. Cars from Delaware be sitting there for a long time. I don't know what they're doing. 3303 Carter Lane has trash on the street and I go over there at night and clean it up.

Mayor Kirkland says we would have to look into it for the Residential Parking.

Ms. McDaniel, Ms. Waites and Ms. Brown says there is a noise coming from down the Waterfront coming from the area of Delcora or Covanta (not sure where but in that area) but it's at least for two or three days in a row all day and all night. I had called City Council and I was told that Chester does not have a Noise Ordinance for Businesses. You have one for Residential. I had contacted the DEP and they said they're not responsible for noise that it's our Municipality. (They play a recording of the noise) and say "to you it might sound like people talking but it really sounds like loud engines from an airplane".

Commissioner Rigby says I got a call from Councilwoman. We did find out that they were working at the PECO Substation on Seaport Drive and we don't know if that created the noise. They were doing some work there. But that work is done. If you're still hearing the noise, we might need to follow up further.

Councilman Roots says there is a loud noise that comes from the Riverfront. I am more that sure that it's coming from Covanta. There is something in their process where they use steam to clean out their system somehow. What we'll do is find out exactly what it is and try to control when it happens.

Councilman Roots says Ethel Waters Park is about to experience its 50th year Anniversary. So, on Saturday, April 30th we're inviting the entire Community to come out and celebrate with us from 12p-4p. On May 1, were getting a gift from a group that wants to come out and paint lines on our Basketball Courts starting with Sun Village Park. If there are any Artists out there that would like to put something on the Court as well (cartoon character, Chester, etc.), we invite you to do so. The event I wanted to bring to the City was the Youth Baseball Camp, I'm trying to save it but it might be canceled only because the Jackie Robinson Little League has decided to start up right as we were about to green light this. So, the baseball camp might be put off for later. The Resolution for the East Coast Greenway is a really good deal. This is going to help beautify the Waterfront Area.

Councilman Morgan says be on the lookout for some flyers information going out from the City of Chester. We've talked about the American Rescue Plan funds that the City of Chester received. We will be looking to have a public meeting with the Residents and Businesses to talk about the Rescue Plan, our progress and the steps and potential projects as well. We mentioned earlier about tax updates. Some individuals may have seen some incorrect past due or penalty amounts on your tax bills...if you're not sure or uncertain if your bill is accurate, please, please call the tax office here at City Hall. Check our website www.chestercity.com for job postings. We have an E-Newsletter. We've had this for some time but we encourage our Residents and Business Owners to subscribe to our E-Newsletter. It gives a wealth of information that has happened in the previous month and few other events that will be coming up as well. You can go on our website to subscribe.

Councilwoman Williams says there is a mortgage program from the Pennsylvania Homeowners Assistance Fund. You can contact the program at 888-987-2423.

Mayor Kirkland says because of the collaborative work of the City Council, the Receiver and members of the Receiver's Team many of our workers are back to work here in City Hall which means that we will be able to better serve our Residents. Our goal is to bring back as many workers as we possibly can to better serve our Citizens.

There being no other business to come before Council, the meeting was adjourned at 11:19am.

Respectfully submitted,

APRIL 13, 2022

Candice Newsome, City Clerk
