

**CITY OF CHESTER
BUREAU OF FIRE
MOBILE EDUCATION UNIT**

For years, local fire departments and teachers have presented fire prevention programs to school-age children. In some cases the only time students learned about fire safety is when the “firefighters” came to the class or the class went to the local fire station. These events usually occur once a year during Fire Prevention Week.

Through new and innovative programs like the City’s Mobile Education Unit, “Learn Not To Burn” or “Get Out Alive” educational curriculum children and adults can be exposed to a wide range of fire safety and prevention data. The Mobile Education Unit is not just limited to Fire Prevention Week but can also be presented at any time throughout the year not only to the schools but throughout the community for many events.

There are various lessons taught: “Stop Drop and Roll Procedure”, “Crawling Low”, “(E.D.I.T.H.) Exit Drills in the Home”, “What’s That Sound”, Proper Use of the 911 System and Fire Safety for Seniors.

If your experience with this program is similar to that of other firefighters and teachers, chances are you will find it very enjoyable and worthwhile.

If you would like this program to come out to your school or place of business; a request form must be submitted 3 weeks prior to your event. All requests will be accommodated on a first serve basis depending upon availability. Request forms are available at Fire Headquarters located at 320 East 14th Street Chester, PA 19013. Request forms are also available at any City Fire Station and at www.chestercity.com

**CHESTER FIRE DEPARTMENT
MOBILE EDUCATION UNIT**

REQUEST FORM

Name of Organization: _____

Date of Event: _____ Start and End times: _____

Location: _____

Contact Person: _____ Phone Number: _____

Brief Description of Event:

Date of Request: _____
